LobsterCraft Signature Lobster Rolls

Coastal: \$20

The LobsterCraft award-winning take on the CT State Sandwich. Hot lobster, hit with the right amount of butter and topped with a dash of the Captain's Pinch in a perfectly toasted bun. This is the roll that started it all!

Heat Wave: \$21

Hot lobster dressed with our amazing Serrano & Habanero pepper infused butter. Just the right amount of spice and heat to accent the lobster. Finished with a dash of the Captain's Pinch in a perfectly toasted bun. One of our most requested rolls!

California: \$21

Hot lobster, cucumber, and avocado. Drizzled with our house made Soy Wasabi sauce instead of butter and served in a toasted bun. Light and delicious!

L.B.L.T.: \$22

Lobster, bacon, lettuce and tomato. Amazingly delicious hot-buttered lobster, topped with our custom garlic aioli, a dash of the Captain's Pinch and served in our proprietary toasted bun. Do we need to say more?

Dirty Maynard: \$20

Our take on the "Maine-style" cold lobster salad roll. Our delicious lobster meat dressed in seasoned mayonnaise with diced onions, carrots, and celery placed on a bed of lettuce in our proprietary roll.

All rolls served with a handful of Kettle cooked sea salt chips. For those that may not want the bun, LobsterCraft can prepare any roll "Naked" which means we serve it on a bed of lettuce.
